# Claire Lynch

*Crowd Favorites*

*Rounder Records*

BY GRACIE MULDOON

Every song this golden voice sings is a Crowd Favorite, right? Her music and songs are always special and favorite and this project is no different. Her sweet gentle, girl-next-door spirit controls that voice we all instantly recognize and she leaves us fully satisfied with her songs- she "owns" them once they fall from her lips. These tunes are all your favorites and I have to say that I adore each one for different reasons. I guess if I had to pick three - gave myself some wiggle room in case I change my mind, later - *Your Presence Is My Favorite Gift*, *Jealousy*, and *The Day That Lester Died*. However, *Fallin' In Love* and *Train Long Gone* still sparkle and shine too. It's just too hard to choose one favorite Claire song. I've already changed my mind on my favorites again. Oh well, they are after all *Crowd Favorites*. **BMP**
